

Hello! My name is Quinn Broussard and I am running to be one of your Senators for the Class of 2022. I'm from the Philadelphia area and am a Philosophy major with a Political Science minor. Throughout my first year here at Allegheny, I have become actively involved in the Gender and Sexuality Alliance as the former Public Relations Coordinator and now President of the club, Allegheny College Democrats, and Allegheny Student Government as an ex-officio member of the Communications and Press Committee as well as the sorority Alpha Delta Pi. I have furthermore been recently inducted into the Lambda Sigma sophomore honor society and can often be found in Grounds for Change working on homework, hanging out with friends, or on shift as a student volunteer. I also recently served on the Discriminatory Harassment Policy Review Committee and worked alongside fellow students and faculty to improve campus policy to protect victims of discriminatory harassment.

My primary goals if elected would be to work on creating new initiatives to improve campus infrastructure and student safety, as well as increase support for students, in particular those from traditionally marginalized groups. There are extensive repairs that need to be made to buildings and walkways across campus that are currently hindering student safety, especially in icy conditions. If elected I would like to work in conjunction with the Co-Directors of Student Affairs and the rest of the Senate to begin to work on overdue repairs. I also know as President of one of our diversity clubs on campus that there is a dire need for our campus to support students from traditionally marginalized groups particularly students of color as numerous instances of hostility have plagued our campus and if elected as one of the Class of 2022 Senators I would like to work with the Director of Diversity and Inclusion as well as the rest of the Senate to promote community building and tolerance as mandated by our statement of community and discriminatory harassment policy.

Thank you for your consideration and if elected I look forward to representing the Class of 2022 in the Senate next year!
